To Whom it May Concern,

I have bought and sold numerous cranes through All Crane Sales & Equipment Pty Ltd. I'm always impressed with their service and knowledgeability. They are really easy to work with and seem to appreciate their customers.

With Peters experience and marketing strategies, he always gets us the desired results and most importantly, in a reasonable time frame.

I appreciate their communication and enthusiasm, never once did I feel the need to chase them up to see "where we're at?"

It's always a pleasurable, hassle free experience and that's why we have a past, present and future business relationship.

I can confidently recommend All Crane Sales & Equipment to other potential customers, whether they are buying a crane, or consigning their crane.

Sincerely,

A handwritten signature in blue ink that reads "Paul Davis".
