Crane industry stalwart Mike Hanchard has spent a lifetime buying and selling cranes. Experience tells Mike that the name to trust in crane sales, is Peter Shelton.

“ I've known and dealt with Peter Shelton for 30 years and more, I've followed him from Franna, to James Equipment, Tadano and now his own business, All Crane Sales.

Most recently two 16t city class cranes were supplied by All Cranes Sales. Peter looked after all of the shipping, customs and registration.

I am very happy with the cranes that we have been buying, very happy with the service and the finished product that he delivers.”
