## Re: ALL CRANE SALES & EQUIPMENT

I have dealt with Peter for many years while buying and updating cranes and had no hesitation in continuing to work with him in his new venture "ALL CRANE SALES & EQUIPMENT".

I have always found the depth of experience industry and equipment knowledge of Peter and his team to be extremely comforting that he has always been able to source the right equipment to suit our needs and budget and when we had finished with equipment he has always been able to link us up with someone else that needed it.

I would have no hesitation in recommending "All Cranes Sales & Equipment"

Regards,

**Robert Turner**

Managing Director
